953+ shades (Refer to shade card)

*Coverage and drying time may vary depending on surface, temperature and application method.

KEY BENEFITS

- Superior Stain Resistance
- Long-Lasting Washable Finish
- Premium Durability
- 25% Higher Coverage
- Water Resistant
- Strong Adhesion
- Satin-Finish Radiance
- Value & Performance You Can Trust

4. HOW TO APPLY

1. PREPARE SURFACE

- Ensure the metal surface is clean, dry and free from rust, oil, grease, or loose debris.
- Sand lightly if required and wipe clean.

2. APPLY PAINT

- Stir the enamel thoroughly before use.
- Apply evenly using a high-quality brush, roller or spray tool.

3. ALLOW TO DRY

- Allow the first coat to dry as recommended.
- Apply the second coat for the best satin-finish and durability.

TIPS FOR BEST RESULTS

- ✓ Use premium-quality brushes, rollers or spray equipment.
- ✓ Apply in a well-ventilated area.
- ✓ Ideal application temperature: 10°C – 40°C.
- ✓ Avoid direct sunlight or extreme humidity.
- ✓ Do not over-thin the paint.
- ✓ Allow sufficient drying time between coats.
- ✓ Close the container tightly after use.

5. SAFETY FEATURES & PRECAUTIONS

- Keep container tightly closed when not in use.
- In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
- Refer to the Material Safety Data Sheet (MSDS) for complete safety information.

6. STORAGE PRECAUTIONS

- Store in a cool, dry place away from heat and direct sunlight.
- Keep containers tightly closed when not in use.
- Do not store near food, beverages or animal feed.
- Shelf life: 36 months from date of manufacture.
